The Medieval Meadow

Sometimes there's nothing like fresh air and outdoor space to motivate and inspire.

Our Medieval Meadow just at the bottom of the drive is ideal for a whole host of team building events - from Crystal Amazed to archery & axe throwing. We'll happily organise activities to suit you.

It's not just about the biscuits...

Brain food snacks and steaming cups of morning coffee? A comforting pizza buffet cooked in our outdoor, wood-fired oven, of course. Or something a little more substantial? We'll work with you to put together a menu that will knock your socks off. And rest assured, whatever you choose it'll be locally sourced, lovingly prepared and beautifully presented by our head chef and his team.

Croquet, cocktails or Champagne?

At the end of a productive day, we understand the importance of taking time to wind down. Whether it's recharging with a glass of bubbly in one of our lounges, savouring the views from a deckchair before enjoying a spot of croquet, or sipping on a cocktail at the bar, we know you'll find something and somewhere that hits the spot.

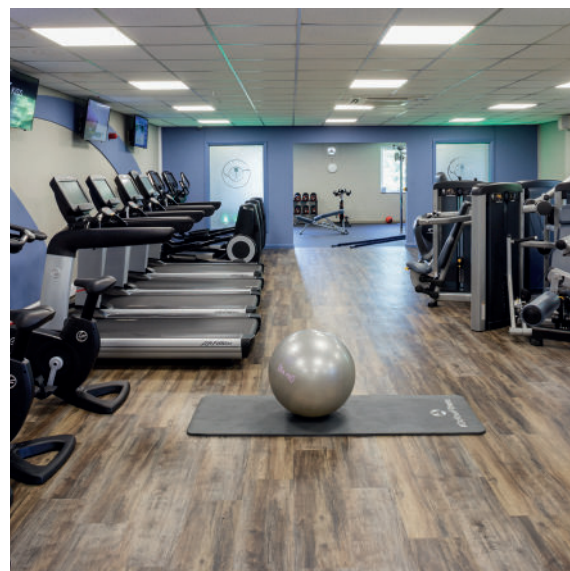

And so to bed...

With desks that you can actually work at, power showers and Hypnos beds (they make for the soundest of slumbers) we've got all the bases covered...oh, and did we mention the unrivalled views across the Gloucestershire countryside that can be enjoyed from every room?

Making all business a pleasure

Awake refreshed, revived and ready for that early morning dip in the pool, overdue workout with our leading-edge Life Fitness gym kit or round of golf on our par 72, 18 hole parkland course. Fancy something a little less lively? Then book yourself in for some indulgent pampering in one of our spa treatment rooms.
